# ATTN: GRADUATES

There are few times as exciting and important in your lives as your senior year, and you deserve more than cookie-cutter portraits to mark reaching this milestone. You deserve something infused with creativity and energy that really shows who you are and makes you look your best. It is our goal to provide you with these unique images and designs that capture your individuality and reflect the memories that last a lifetime.

Each photographic session begins with a discussion of your interests and is tailored to your personal style. Our studio on the north shore of Lake Waconia provides unlimited possibilities both in the camera room and outdoors, and new technology in cameras and computers allow us to guarantee that your session is a success.

Then we post the best images to your personalized web site for you to view the photos and share them with your friends and family, and once you find your favorites, a viewing session at the studio will show you the limitless possibilities for your photos. From expertly retouched prints to fully customized graphic art, you will sure to enjoy your images for years to come.

We look forward to making your graduate photos great!
